OUTRAGES ON 3 AMERICANS

Lashed With Whip and Thrown Into Jail

BY POLICE OF HONDURAS

Hustled Out of Country Aboard Gunboat-Set Ashore in Guatemala-Revolt for

New Orleans, Dec. 29 .- A special dispatch to the Pickayune from Puerto lortez, Honduras, states that William Barber of Kentucky, and two other Americans were seized by Honduran police and soldiers, thrown into jail, and brutally lashed with whips, and afterward deported on the Honduran gunboat Tatumbla to Guatemalan territory and landed penniless in the forests.

According to an affidavit made by Barber and corroborated by witnesses, the dispatch states, he was taken by the police of Puerto Cortez while walking along the street and ordered to go with other Americans, also in custody, and bury a Honduran pauper.

Refusing to do as he was told, Barber, who was foreman of a bridge gang on the Honduras railroad, was taken to jail, surrounded by soldiers with fixed bayonets, heaten over the head with clubs and lashed with whips, the other and the three were then taken to the Tatumbla and transported to Guatema-Ian territory, and set down in a wood without food or money.

Barber returned, according to the dispatch, to Honduras, and was arrested on a charge of refusing to bury the dead and kept in jail twenty-five days, finally being released through the efforts of friends.

The names of the other two Americans are not given.

Sunday morning, Jan. 1, is the date set for the uprising against the Davila government in Honduras by the followers of Gen. Manuel Bonilla, according to rumors current here Tuesday night based upon the word of men very close in the councils of Central American circles in New Orleans.

The Best Cough Syrup is Easily Made at Home

Conts Little and Acts Quickly. Money Refunded If It Fails.

This recipe makes a pint of cough syrup and saves you about \$2 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 3 minutes. Put 2½ ounces of Pinex (50 cents' worth) in a pint bottle and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite and is slightly isxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in guilalcol and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pites and Sugar Syrup, recipe. This plan has often been imitated, but the old successful formula has never been equaled. Its low cost and quick results in have made it immensely popular.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That lew of these women have been disappointed in their expectations is proved by the fact that nicety side in their expectations is proved by the fact that nicety side. country. These secrets are not secrets of guilt or shame, but pectations is proved by the fact that ninety-eight per cent, of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a- mil-
